## ENVIRONMENTAL POLICY

CIRCONTROL is committed to gradually introduce environmental measures and standards in its activities, in a way that guarantees that work carried out in all areas of the organization have taken these factors into account. Circontrol's management, with the adoption of this environmental policy, pledges to:

The continuous improvement of the Environmental Management System, aimed at reducing the environmental impact of our operations.

Pollution prevention and control, through the use of processes, practices, materials or products that avoid, reduce or control it.

Compliance with all current legislation and regulations on environmental matters.

Communicate to all CIRCONTROL personnel and those working on its behalf the implementation of this policy.

The establishment and review of environmental objectives and goals, through an annual review process directed by the senior management of the organization.

Make this policy readily available to the public.

Mr. Joan Hinojo

General manager
